## Pole / Wall mounting Brackets

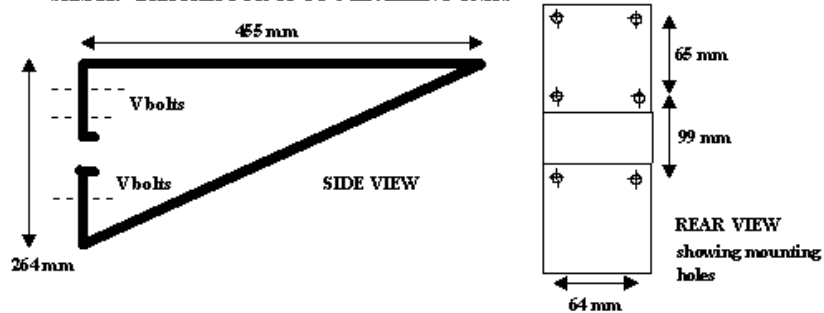

SKM 225 SHORT ARM BRACKET

SKM 226 LONG ARM BRACKET

SKM 229 BRACKET FOR UP TO 3 LEVELLING UNITS

These accessories are available for easy mounting of Skye products on poles, masts or vertical surfaces such as walls etc. They are constructed from stainless steel and white powder coated to produce corrosion and maintenance free structures. A set of 'U' bolts

is supplied with each bracket, enabling fixing to a pole of 50mm maximum diameter. The fixing holes can also be used to bolt to a wall.
